**Following curb & gutter installation,** you will not be able to get in or out of your driveway from when curb is placed until the contractor has ramped your driveway with gravel, which is approximately 5 days following the curb placement. The contractor should begin ramping driveways the Tuesday following Memorial Day. You will be able to parallel park in the street along the newly placed curb during the evenings after 7:00 p.m. and then moved before 7:00 a.m. on week days. Over Memorial weekend you are able to park on Bellaire anytime. Please take **extreme care** not to hit the newly placed curb.
