

WHITE BEAR LAKE *a City of Lakes & Legends*

MINNESOTA

2021 PAVEMENT REHABILITATION PROJECT

TO: Residents abutting Alley between 6th and 7th Street

FROM: Dan Holzemer, Senior Engineering Technician

DATE: June 23, 2021

SUBJECT: **First Lift of Bituminous Pavement**
City Project No.: 21-13

Weather permitting, the contractor will pave the first lift of bituminous pavement on the Alley between 6th to 7th Street on **Thursday, June 24th**. This roadway will be **closed** all day on **Thursday, June 24th**. Affected residents should have any cars, trucks, boats, etc. that you will need for the day out of your driveway and garage. Please park these vehicles on the street outside of the construction zone during the workday (between 7:00 a.m. and 7:00 p.m.).

In order to complete the construction project in the most efficient manner, it is important that the Contractor have as few obstructions as possible. Please **DO NOT park your vehicles on streets under construction during working hours (7AM to 7PM or until work ceases for the day)**. If a vehicle is on the street in the construction zone during working hours and is impeding the construction, the Engineering Department will take further action and tow the vehicle.

Also, please **DO NOT walk through the active construction site during working hours**. The Contractor is trying to move as quickly as possible through the construction process and any non-work related pedestrian traffic can cause delays and safety issues.

If you have any questions or special requests, please contact our office at 651-429-8531.

Thank you for your patience and understanding.
