

WHITE BEAR LAKE *a City of Lakes & Legends*

MINNESOTA

2021 PAVEMENT REHABILITATION PROJECT

TO: Residents on Campanaro Lane, Garden Lane, Georgia Lane and Woodcrest Road

FROM: Dan Holzemer, Senior Engineering Technician

DATE: May 5, 2021

SUBJECT: Construction Begins
City Project No.: 21-01

You may have noticed that construction is about to begin on the City's 2021 Pavement Rehabilitation Project.

Many property owners have installed irrigations systems, invisible fencing, sump pump drains, and other landscape items (flower beds, rock gardens, shrubs, etc.) adjacent to the street. Because these private irrigation systems, fence systems and landscape items are within the City street right-of-way, they are potentially in the path of the construction project and should be moved.

Crews are scheduled to start on your street as early as **Monday, May 10th**. Please take time to mark any private irrigation systems, dog fences, etc. that are near the curb marked for removal. (Pink Arrows painted on the curb.) These are private utilities within the City right of way. You are responsible for these utilities. If damage occurs to these facilities, it is **YOUR** responsibility. The City's contractor will try to avoid damaging these private utilities, if marked by the homeowner. Please mark these to avoid damage.

Throughout the construction project, please do not park on the street between 7:00 am and 7:00 pm. If you have any questions, please discuss these with an Engineering Technician on site, or call our office at 651-429-8531.

Thanks for your cooperation!
