

## WHITE BEAR LAKE a City of Lakes & Legends

## 2018 STREET RECONSTRUCTION PROJECT

**TO:** Residents on Old White Bear Avenue and South Shore Boulevard

**FROM:** Dan Holzemer, Senior Engineering Technician

**DATE:** June 7, 2018

**SUBJECT:** New Curb and Gutter on Old White Bear Avenue and South Shore Boulevard

City Project No.: 17-06

Weather permitting, curb and gutter placement will begin on Friday, June 8th on Old White Bear Avenue (from South Shore Blvd to Cottage Park Road) and South Shore Boulevard (from Hazel Street to Old White Bear Avenue). You will not be able to get in or out of your driveway from when curb is placed until the contractor has ramped your driveway with gravel, which for your neighborhood will be next Friday, June 15th. Weather pending, additional concrete work will occur on Monday, June 11<sup>th</sup> which extends the normal 5 day wait period before you are able to drive on the concrete.

Affected residents should have any cars, trucks, boats, etc. that you will need for the next seven days out of your driveway and garage. Please park these vehicles on the street outside of the construction zone.

- After the curb and gutter has been placed, you will NOT be able to use your driveway until the contractor has ramped your driveway with gravel.
- You WILL be able to park in the street during the evenings after 7:00 p.m., taking extreme care not to hit the newly placed curb.
- All vehicles parked on the street need to be moved to a side street away from the construction area at the beginning of each workday (7:00 a.m.).

**SAFETY REMINDER!!** Due to heavy truck traffic and general construction activity, we would ask all parents to inform and make their children aware of the dangers of construction sites and to keep their children a safe distance from all construction areas. Your support and cooperation in assisting us to maintain a safe work zone and cautioning children about the dangers of construction sites will be appreciated.

If you have any questions, please contact our office at (651) 429-8531.
