

WHITE BEAR LAKE *a City of Lakes & Legends*

MINNESOTA

2021 PAVEMENT REHABILITATION PROJECT

TO: Specific residents on Campanaro Lane, Georgia Lane and Woodcrest Road

FROM: Dan Holzemer, Senior Engineering Technician

DATE: May 12, 2021

SUBJECT: Curb & Gutter
City Project No.: 21-01

WEATHER PERMITTING, curb and gutter placement is scheduled for **Thursday, May 13th** for specific driveways on Campanaro Lane, Georgia Lane and Woodcrest Road. If curb was removed in front of your driveway, you will not be able to get in or out of your driveway from when curb is placed until the contractor has ramped your driveway with gravel, which is approximately 5 days following the curb placement.

Affected residents should have any cars, trucks, boats, etc. that you will need for the next five days out of your driveway and garage. Please park these vehicles on the street outside of the construction zone during the workday (between 7:00 a.m. and 7:00 p.m.).

- **After the curb and gutter has been placed you will NOT be able to use your driveway for five (5) days after concrete is poured, or until the contractor has ramped your driveway with gravel.**
- **You WILL be able to park in the street during the evenings after 7:00 p.m., taking extreme care not to hit the newly placed curb.**
- **All vehicles parked on the street need to be moved to a side street away from the construction area at the beginning of each workday (7:00 a.m.).**

SAFETY REMINDER!! Due to heavy truck traffic and general construction activity, we would ask all parents to inform and make their children aware of the dangers of construction sites and to keep their children a safe distance from all construction areas. Your support and cooperation in assisting us to maintain a safe work zone and cautioning children about the dangers of construction sites will be appreciated.

If you have any questions, please contact our office at (651) 429-8531.
