FROM: Dan Holzemer, Senior Engineering Technician

DATE: September 13, 2022

SUBJECT: **Paving Final Lift of Bituminous City Project No. 22-01**

Weather permitting, on Wednesday, September 14th until complete, the contractor will begin paving the final lift of bituminous pavement on Fourth Avenue, Third Avenue, Eugene Street, Karen Place, Florence Street, Webber Street, Second Avenue, First Avenue and the alley.

Please be aware that you will not be able to park **on the street** in the project area from **7:00am until 7:00pm**. Please ensure that you have all vehicles that you will need on a side street during these hours. We apologize for any inconvenience.

You will not be able to drive on the paved portion of the road for at least two hours or until they have finished rolling the newly paved roads. WE ASK THAT YOU TAKE EXTREME CARE NOT TO MAKE SHARP TURNS ON THE NEW BITUMINOUS PAVEMENT.

- **WARNING**

New asphalt is very hot (**approximately 300°F**) when placed. Parents should keep children and pets from walking or riding bikes on the new pavement until it cools. Please talk to your children and explain about the paving and that they should stay a safe distance from the construction equipment.

- **SAFETY**

Due to the heavy traffic and general construction activity, we ask all parents to inform and make their children aware of the dangers of the construction sites. Please keep children a safe distance from all construction areas.

- **GARBAGE**

If for some reason paving continues on Monday (we don't anticipate this, but you never know) your garbage and recycling will be picked up as scheduled. The hauler (Republic Services) will collect garbage and recycling in construction areas on **before 7:00 am**. Please report any missed pick-ups to: Utility Billing Clerk, Jen Carrigan, at **(651) 429-8565**.

If you have any special requests, please contact our office at 651-429-8531 or direct any project-related questions to City staff on site.
