

2018 STREET RECONSTRUCTION PROJECT

TO: Residents in and near to Project Area 17-06 (Old White Bear Avenue)
FROM: Jayson Stejskal
DATE: May 7, 2018
SUBJECT: Concrete Base Removal Update
City Project No.: 17-06

You may have noticed that construction has commenced on the City's 2018 Street Reconstruction project in your neighborhood with the removal of the asphalt surface on Old White Bear Avenue.

Starting as early as tomorrow Tuesday, May 8th, our contractor will begin the removal of the old concrete base. This removal process may cause significant vibration throughout the area. The City recommends that you take precautions to limit any damage to items within your house such as removing fragile items or pictures from the walls.

Please be aware that you will not be able to park on **Old White Bear Avenue** from **7:00am until 5:00pm** **and you will have limited access to your driveways.** Please ensure that you have all vehicles that you will need on a side street during these hours. We apologize for any inconvenience. If you have special accessibility needs, please call so that we can find a solution.

All timelines are subject to change due to weather conditions.

*****SAFETY REMINDER*****

As a safety reminder, due to heavy truck and general construction activity, we would ask all parents to inform and make their children aware of the dangers of construction sites and to keep their children a safe distance from all construction areas. Your support and cooperation in assisting us to maintain a safe work zone and cautioning children about the dangers of construction sites will be appreciated.

Please keep our office posted with your questions and concerns! Engineering Office: (651) – 429 – 8531.
