MINNESOTA

2020 STREET RECONSTRUCTION PROJECT

TO: Residents in Project Area 20-06

FROM: Jay Stejskal, Engineering Technician III

DATE: May 8, 2020

SUBJECT: **Bellaire Avenue Closed: May 11th - Orchard Lane to Hillside Road**
City Project Nos.: 20-06

Now that the existing asphalt surface has been removed and the utility work is done, the next step in the construction process is to grade the subbase of the street. This work is expected to start on **Monday, May 11th**. As will be the case during the entire construction season, work schedules are dependent upon weather. Watch future construction updates for further information.

In order to complete the construction project in the most efficient manner, it is important that the Contractor have as few obstructions as possible. Please **DO NOT park your vehicles on Bellaire Avenue during working hours (7AM to 7PM or until work ceases for the day)**. If a vehicle is on the street in the construction zone during working hours and is impeding the construction, the Engineering Department will take further action and tow the vehicle.

Bellaire Avenue will be **closed** from 7 AM to 7 PM on Monday, May 11th from Orchard Lane to just south of Hillside Road (at 3415 & 3416 Bellaire Avenue), including the intersection with Crestline Drive. Please have all vehicles needed for the day out of your driveway and garage by 7 AM.

If you have any questions or special requests, please contact our office at 651-429-8531.

Thank you for your patience and understanding.
