SUBJECT: **Water Shut-Off on Thursday, May 7**
City Project No.: 20-13

On Thursday, May 7 (weather permitting), the City will be replacing a fire hydrant on 5th Street. This will require a temporary shutdown of your water supply.

The shut-off will affect properties on 5th Street (from Krech Avenue to Wood Avenue).

The water will be shut off at your residence beginning at 1:00 p.m. until approximately 4:00 p.m. on Thursday, May 7th. Please draw any water before 1:00 p.m. for your use during this time frame.

We realize that shutting off the water is troublesome for everyone involved; however, we will make every attempt to have the water back on as soon as possible.

If you have any questions or special requests, please contact our office at 651-429-8531.

Thank you for your patience and understanding.
