

WHITE BEAR LAKE *a City of Lakes & Legends*
MINNESOTA

2019 MILL & OVERLAY PROJECT

TO: Residents on Hwy 96
FROM: Jay Stejskal, Engineering Technician III
DATE: May 20, 2019
SUBJECT: **Paving the Highway 96 Trail**
City Project No.: 19-14

Weather permitting, T.A. Schifsky & Sons, Inc. will be paving the first lift of bituminous on the Highway 96 Trail on **Tuesday, May 21st**.

If there are specific appointments you have during the day, you should have your vehicle out of your driveway before 7:00 a.m.

You will not be able to drive on the paved portion of the trail for at least two hours or until they have finished rolling the newly paved roads. WE ASK THAT YOU TAKE EXTREME CARE NOT TO MAKE SHARP TURNS ON THE NEW BITUMINOUS PAVEMENT.

- **WARNING**

New asphalt is very hot (**approximately 300°F**) when placed. Parents should keep children and pets from walking or riding bikes on the new pavement until it cools. Please talk to your children and explain about the paving and that they should stay a safe distance from the construction equipment.

If you have any special requests, please contact our office at 651-429-8531 and we will do our best to accommodate these needs. Thank you for your patience and understanding.
