

## 2018 STREET RECONSTRUCTION PROJECT

**TO:** Residents in Project Areas 17-06, 18-01 and 18-06  
**FROM:** Jesse Farrell  
**DATE:** August 31, 2018  
**SUBJECT: Weekly Construction Update**  
**City Project Nos.: 17-06 and 18-01 and 18-06**

---

For **Project Area 18-01**, the Contractor will be finishing sod and seeded areas next week, weather dependent. Some areas that are not good sod candidates will instead be seeded.

For **Project Area 17-06** (Old White Bear Avenue), decorative lighting was recently installed. Striping is currently expected to occur next week. City staff is working with the Post Office to resume mail delivery as soon as possible. We sincerely apologize for the significant ongoing inconvenience.

For **Project Area 18-06** (Birch Lake Boulevard South), the Contractor will be finishing sod and seeded areas next week, weather dependent. Some areas that are not good sod candidates will instead be seeded. The final lift of paving will be completed shortly after cleanup operations.

If you need special assistance, please contact our office at 651-429-8531 and we will do our best to accommodate your needs. Thank you for your ongoing patience!

The new extension of the Mark Sather trail is already very popular with bicyclists and pedestrians. South Shore Boulevard is a County facility. The City is working closely with County staff to eventually extend the trail along the lake.
