

WHITE BEAR LAKE *a City of Lakes & Legends*
MINNESOTA

2020 MILL & OVERLAY PROJECT

TO: Residents on Elm Street
FROM: Dan Holzemer, Senior Engineering Technician
DATE: June 4, 2020
SUBJECT: Retaining Wall Installation
City Project No.: 20-13

As part of the 2020 Mill & Overlay Project the City will be installing a new sidewalk. In order to accomplish this a retaining wall will be installed near the property line. Retaining walls are scheduled to begin being installed on **Monday, June 8th**.

During preliminary design, we anticipated installing some retaining walls. Now that the final design is complete, the Engineering Department was able to make a final determination on which yards will get retaining walls.

If **you** are receiving this letter, you will be receiving retaining wall. Please let us know which color block you are interested in receiving. Please let us know by tomorrow June 5th 2020, if you want **TAN** or **GREY** (Please see attachment). Please contact Carisa at cvermeersch@whitebearlake.org or call at 651-429-8531.

If you do not respond, the City will choose a color for you.

Thank you for your patience and understanding.
