

## 2020 MILL & OVERLAY PROJECT

**TO:** Residents in Project Area 20-13  
**FROM:** Dan Holzemer, Senior Engineering Technician  
**DATE:** June 10, 2020  
**SUBJECT:** **Concrete Sidewalk Installation**  
**City Project No.: 20-13**

---

**Weather permitting**, the contractor will begin prepping concrete sidewalk on Thursday afternoon (June 11<sup>th</sup>). Please have all vehicles out of your garage and driveway before Thursday, June 11<sup>th</sup> at noon. Concrete sidewalk along **Elm Street**, from **Willow Avenue to Auger Avenue**, will be placed starting on Friday, June 12<sup>th</sup>. You will not be able to get in or out of your driveway from when the sidewalk and apron are placed for approximately 5 days following the concrete placement.

Affected residents should have any cars, trucks, boats, etc. that you will need for the next five days out of your driveway and garage. Please park these vehicles on the street outside of the construction zone.

- **After the sidewalk and apron has been placed you will NOT be able to use your driveway for five (5) days after concrete is poured, or until the contractor has ramped your driveway with gravel.**
- **You WILL be able to park in the street during the evenings after 7:00 p.m.**
- **All vehicles parked on the street need to be moved to a side street away from the construction area at the beginning of each workday (7:00 a.m.).**

**SAFETY REMINDER!!** Due to heavy truck traffic and general construction activity, we would ask all parents to inform and make their children aware of the dangers of construction sites and to keep their children a safe distance from all construction areas. Your support and cooperation in assisting us to maintain a safe work zone and cautioning children about the dangers of construction sites will be appreciated.

If you have any questions, please contact our office at (651) 429-8531.
