## 2020 STREET RECONSTRUCTION PROJECT

**TO:** Residents on Circle Drive  
**FROM:** Jay Stejskal, Engineering Technician III  
**DATE:** May 26, 2020  
**SUBJECT:** **Circle Drive Closed**  
**City Project No.: 20-01**

---

On **Wednesday, May 27th**, **Circle Drive** will be closed due to continued earthwork. As will be the case during the entire construction season, work schedules are dependent upon weather. Circle Drive will be **closed** from 7 AM to 7 PM on Wednesday, May 27th. Please have all vehicles needed for the day out of your driveway and garage by **7 AM**.

In order to complete the construction project in the most efficient manner, it is important that the Contractor have as few obstructions as possible. Please **DO NOT park your vehicles on Circle Drive during working hours (7AM to 7PM or until work ceases for the day)**. If a vehicle is on the street in the construction zone during working hours and is impeding the construction, the Engineering Department will take further action and tow the vehicle.

Also, please **DO NOT walk through the active construction site during working hours**. The Contractor is trying to move as quickly as possible through the construction process and any non-work related pedestrian traffic can cause delays and safety issues.

If you have any questions or special requests, please contact our office at 651-429-8531.

Thank you for your patience and understanding.
