

## WHITE BEAR LAKE

# Downtown Mobility and Parking Study

The City of White Bear Lake has begun a downtown parking and mobility study that will:

Review pedestrian, bicycle and vehicle traffic

Evaluate current and future parking needs

Explore concepts for landscaping, public spaces, lighting, and wayfinding

A steering committee will provide input and guidance throughout the study. The process will also include public outreach to gather input and help shape study outcomes.

The study will guide future projects in the downtown area.

### Project schedule

- **March 2023** – Study Kick Off
- **Spring 2023** – Data Collection
- **Summer 2023** – Community Outreach
- **Fall 2023 to Winter 2024** – Development of Mobility, Parking, and Public Realm Enhancements Report
- **Early Winter 2024** – Final Study Open House

We want to hear from you!

Visit the project website to take the online survey.
